Michelson, Kane, Royster
& Barger, PC

Executive Director

Catherine Flaherty

Dear Connecticut Subcontractor,

We would like to invite you to join your subcontractor colleagues and become a member of the Connecticut Subcontractors Association (CSA).

CSA is the only organization in Connecticut that is focused on helping subcontractors. As a member of CSA you will have the opportunity to regularly meet and learn from people who face the same kinds of issues you do everyday. These members have experience solving problems be it with a state regulator or with a general contractor. Plus, they are willing to share their expertise and knowledge with you.

In addition to networking opportunities CSA offers regular education programs, publishes a quarterly newsletter and an online membership directory.

We also protect your legislative interests. Some of the issues CSA will address during the next session will include:

- Cap Private and UCONN Retainage to 5%; and
- Require a minimum 15% for Overhead/Profits.

Membership in CSA is a good investment in your business. The attached flyer will provide additional details on the benefits of CSA membership. Don't delay. Join CSA today.

Regards,

Bill Flynn
Electrical Contractors, Inc.
CSA President

Jeff Clement
Modern Mechanical Systems
CSA Membership Chair

Join the Connecticut Subcontractors Association

CSA is the ONLY association that is dedicated to helping subcontractors.

Representation • Protection • Networking

Join CSA and get connected to your colleagues in the industry who are ready and willing to help you with your own business issues and concerns. As a member of CSA you will have the opportunity to regularly meet and learn from people who face the same kinds of issues you do everyday. These members have experience solving problems be it with a state regulator or with a general contractor. Plus, they are willing to share their expertise and knowledge with you. As a member you get:

✓ **Access, Information and Mentoring**

As a member of CSA you will not only gain entry to the industry's leadership, but you will also have access to general contractors, key industry documents and mentoring not available anywhere else.

✓ **Education**

CSA conducts regular educational forums that cover a wide variety of issues of importance and concern to the subcontractor. In 2010 the programs will include a legislative session, a seminar to cover Department of Public Works issues, a forum with a general contractor and workshops on lien laws and workers compensation. As a member all of these programs are available to you at a discounted rate.

✓ **Legislative Information and United Voice**

The combined force of CSA's membership provides the industry with a unified and influential voice when addressing legislative issues. In its history, CSA sponsored legislation has resulted in a revision of the state's lien laws to be more supportive of subcontractors, reductions in retainage, an improvement in the payment process, the establishment of retainage escrow accounts, and revised language in hold harmless clauses that benefited subcontractors and improved bonding practices. In 2009 CSA achieved a legislative victory with the passage of a new law that helps subcontractors get paid for change orders.

✓ **Membership Directory, Newsletter, Discounts**

You will be listed in the online membership directory, be able take advantage of discounts for educational and networking programs, receive the quarterly newsletter and stay up-to-date on legislative and regulatory issues that can and will affect your bottom line. Plus you can save on office supplies and equipment from Staples.

Membership in CSA is a good investment in your business.

Membership Application

Annual Dues

\$950 for DAS pre-qualified subcontractors
\$500 for non DAS pre-qualified subcontractors
